CONSENT FOR ORAL SURGERY

Patient's Name: _____ Date: _____

I hereby authorize Dr. Firouzeh and any associates to perform the following procedure:

The doctor has explained to me the proposed treatment and the anticipated results of such treatment. I understand this is an elective procedure and that there are other forms of treatment available, including the option of no treatment.

The doctor has explained to me that there are certain potential risks in this treatment plan or procedure. These include injury to a nerve resulting in numbness or tingling of the chin, lip, cheek, gums and/or tongue on the operated side; this can persist for several weeks, months or, in rare instances, permanently; postoperative infection requiring additional treatment; opening of the sinus requiring additional surgery; restricted mouth opening for several days or weeks, with possible dislocation of the temporomandibular (jaw) joint; injury to adjacent teeth or fillings; breakage of the jaw in rare cases; postoperative discomfort, swelling and bleeding that may necessitate several days of recuperation; small piece of root left in the jaw when removal would require extensive surgery; stretching of the corners of the mouth with resultant cracking and bruising; unforeseen conditions may arise during the procedure that requires a different procedure than set forth above. I therefore authorize the doctor and any associates to perform such procedures when, in their professional judgment, they are deemed necessary.

I understand that medications, drugs, anesthetics and prescriptions taken for this procedure may cause drowsiness and lack of awareness and coordination. I also understand that I should not consume alcohol or other drugs at the same time because they can increase these effects. I have been advised not to work and not operate any vehicle, automobile or hazardous devices while taking such medications and until fully recovered from their effects.

It has been explained to me and I understand that a perfect result is not guaranteed or warranted.

Please don't hesitate to ask the doctor or staff if you have any questions.
